## PREFACE

This series of four "Reprints" and two volumes never before printed of the SHELDON MAGAZINE 1855-1857, compiled by the Rev. Henry O. SHELDON 1799-1882 of Sidney, Ohio, was undertaken to fill in the blank spaces and correct the numerous typographical errors in the original printing. That printing was only a proof copy sent to his correspondents for corrections and additions. It was never intended to be a final product. (see the Preface in Vol I.). Circumstances were such that the six pamphlets were never printed.

Now, after over one hundred and twenty-five years, we have undertaken to complete this list of SHELDONS or SHELDENS who lived in America prior to about 1885. About this date, Vital statistics which is about all that is covered in these pamphlets, began to be recorded, as a matter of law, in Township, County and State throughout the nation. Now, anyone interested in the forebears of some elusive ancestor can locate the statistics from these sources, back to about 1885 and in many cases beyond this date, especially in the Eastern States.

When the sudden and unprecedented migration started toward the west, about 1785 there was no systematic record keeping available. For the most part, these records can only be found in family histories and family bibles, in old newspapers and other scarce and hard to locate bits of information. It is hoped that these "Reprints" will cover some of these voids. There are about 15,000 SHELDON-SHELDEN names printed in the six volumes, in addition to to some later generations, listing all the brothers and sisters of each family, their birth and death dates, who they married and where they lived, if we have been able to ascertain these facts. Biographical notes can often be found in the files of the Genealogical Committee of the SHELDON FAMILY ASSOCIATION.

All authority for statements in these pamphlets rest on the originally written manuscripts of the Rev. Henry O. SHELDON 1799-1882 or on subsequent information gathered by correspondence and now in the permanent files of this committee. Corrections, additions, especially biographical notes, prior to 1885 are requested from our readers, for safe keeping in these files.

It has been a pleasant task and this editor wishes to take this opportunity to sincerely thank all who have contributed to bringing these pamphlets to fruition. Especially do I feel indebted to members of this Committee --Miss E. Hortense SHELDON and Mrs. Harry D. HIMES for their steadfast and loyall cooperation in providing a great porion of the new data.

It is my hope that in due time some other genealogical enthusiast will revise this edition and fill the many blank spaces still evident on many pages of these pamphlets. So,

Happy Hunting,

## PREFACE.

After the MS. has been in the hands of the printers more than three years (the delay and slow progress having been accounted for,) we commence the publication of that part of the SHELDON MAGAZINE, which comprises the list.

This is not the promised work, but a cheap proof edition, of the list which we send to subscribers, and others, for corrections, or additions.

We rely upon their kindness to examine those parts within their acquaintance, and to furnish those corrections and additions in their power.

## EXPLANATIONS.

By referring to the first index, of sons-in-law, a family may be readily found. The local index cannot now be depended on, in all cases, as some have changed their residence, of which we have no information.

Every descendent has a number. The numbers are all placed mathematically; 100 upon each double page. The last number by cutting off the 00, being the number of the page: so that all the numbers, except the last, will be found upon the page preceding the hundreds in the number: as, all below 100 on the first page: above 500 and below 600 on the sixth page. Hence 01 with the hundreds will always be found on the top of the left side; 25 at the middle, 50 at the bottom, 51 at the top right side, 75 at the middle. To facilitate tracing descendants, the reference designates the *side* of page; reference to the right side having *r* added. A \* instead of a reference figure, denotes descendants whose names we have.

We have been collecting materials, at times for nearly 20 years. When first projected, it was seen the work would be heavy. Every unnecessary word and figure is avoided. On account of the labor and expense, the month and day of births and deaths are usually omitted. For the same reason the authorities are not now given. Some of these will be in the historical and biographical notes.

Where there is doubt, a ? is added.

While these sheets are passing, the Editor being much of the time at a distance from the press, the proof sheets cannot be read by him, with copy. Typographical errors therefore occur.

Our thanks are tendered to publishers and others who have sent us works of a kindred character. These will be noticed in due time; and their attentions will be reciprocated.

When sufficient time shall have been given for the present edition of the list to be corrected, and the portraits to be engraved, it will be revised, and the regular publication of the work commenced.

Names of subscribers and donors will be published and receipts acknowledged.

As the expenses attending this work have been, and must continue to be considerable, before it can be issued in its revised and corrected form, our thanks are specially tendered to those kind friends who have advanced the subscription price, or funds.

Will friends procure and forward more names as subscribers.

Loudonville, O., June 7th, 1855.

The SHELDON FAMILY ASSOCIATION had been in existence long before 1875. This was about the time that S#2981 George SHELDON was agitating for the formation of the POCUMTUCK VALLEY MEMORIAL ASSOCIATION at Deerfield, Mass. and S#3822 Henry L. SHELDON was gathering maps, books, portraits, bibles, furniture, china and other out of use articles from the attics and cellars of old Vermont families for his SHELDON MUSEUM. In the early 1900's and just before the first World War as many as 300 to 400 SHELDONS and their connections gathered at these annual reunions.

It was not until 1939 however, that a written constitution was adopted and one of its purposes was to assist the SHELDON MUSEUM. In 1960 this constitution was revised. The ASSOCIATION became non-profit, organized for the purpose of coordinating the genealogical and historical interests of the SHELDON Family and to assist in every manner possible, the "SHELDON MUSEUM", Middlebury, Vermont; the "OLD INDIAN HOUSE MEMORIAL" and the Sheldon Library in MEMORIAL HALL, Deerfield, Massachusetts.

Membership consists of descendants of the SHELDON or SHELDEN families who came to America prior to 1660 and those who have come into these families through marriage or adoption. There are five classes of membership, ANNUAL, CONTRIBUTING, SUSTAINING and LIFE. HONORARY upon election.

The meetings are usually held during the first or second week of August each year, the even years in Middlebury and the odd years in Deerfield.

In the distant future, if communication with the Genealogical Committee of the SHELDON FAMILY ASSOCIATION or the Editor as addressed herein comes to an end, the latest addresses may be obtained by writing the Curators of or by visiting any of the following Historical Shrines to all who bear the name SHELDON.
